THE JOURNEY BEGINS

DRIVEN TO EXCEL

There are those among us who believe that good enough isn't enough. They have a strong desire to do things differently. The new Ciaz is made for those who are driven to excel. Inspired by the ever-evolving expectations of sedan buyers, the Ciaz is developed as an "Authentic Sedan" which combines a roomy comfortable cabin and great driving performance with excellent fuel efficiency. All of these come with a stylish design that will inspire a pride of ownership.

AN INTERIOR DESIGNED AROUND YOU

The interior of the Ciaz introduces a new dimension in sportiness and elegance that reflects the exterior design. The high-quality instrument panel and upholstery, a wide range of advanced features and amenities enhance travelling comfort and experience.

A wide-angle photograph of a car's interior, showing the front and rear seats. The seats are upholstered in black leather with a textured pattern. The dashboard, steering wheel, and center console are also visible. The car is parked in a city, with a view of a waterfront and skyscrapers in the background. The text "COMFORTABLE CABIN SPACE WITH OUTSTANDING COMFORT" is overlaid in the center of the image.

DYNAMIC PERFORMANCE BLENDS WITH ENHANCED EFFICIENCY

The Ciaz is equipped with features that provide dynamism in the performance with enhanced efficiency. Whether it's manual transmission or automatic variant, each has been carefully designed to provide a matchless driving experience.

4-Speed automatic transmission and 5-Speed manual transmission

The gear ratio of both 4-speed automatic and 5-speed manual transmissions is optimised for the best balance of performance and efficiency. The shift mechanism promotes smooth and precise shift feeling.

Refined K14B VVT petrol engine

The refined K14B VVT engine incorporates new cylinder heads and piston crowns. Also, with friction reduction in each engine component, it delivers great dynamic performance with excellent fuel efficiency.

Rigid and lightweight body

The use of high-tensile steel for the body structure provides excellent strength and chassis rigidity at the same time helps to reduce overall body weight.

Independent Suspension

The suspension designed for Ciaz provides assured handling together with superior ride comfort. It reduces harshness and absorbs shock while driving on bumpy roads.

SAFETY & SECURITY

Security alarm

Keyless entry with answerback function and immobiliser

ABS with EBD (Electric Brake force Distribution) function

In an emergency braking situation, ABS keeps tyres from locking up and provides stability to evasive manoeuvres. In addition, EBD helps maintain control by sending the optimum amount of force to the front and rear wheels.
